Tutor Details and Class Schedule [this guide is applicable to distance learning courses]

Students can view tutor information and confirmed class schedules for their enrolled courses in 2026 Autumn term via MyHKMU starting from the dates below. This information will also be available through the Student Mobile App.

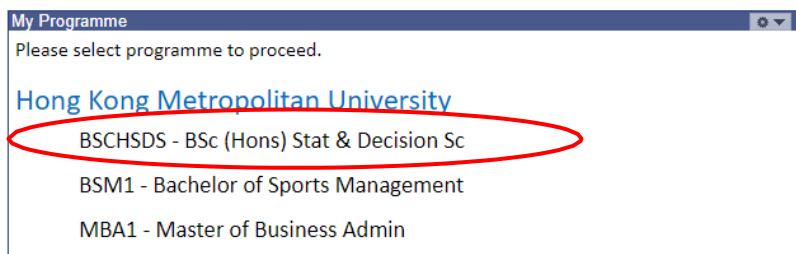

Class Schedules: from 27 Aug 2026

Tutor Information: from 1 Sep 2026

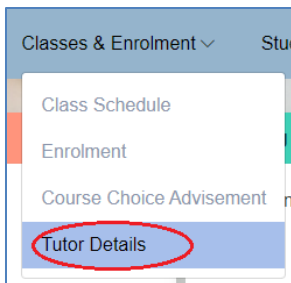

Due to the large number of courses, tutor information may be released at different times for each course. You will receive a notification at your university email address once the information for your course is available. The timetable shown on the HKMU website during the application period is provisional and may be changed without prior notice. You should refer to the latest timetable before the term starts and throughout the term. Some courses may include laboratory sessions or compulsory day schools. Please refer to the course guide or OLE for more details.
