

Registering for remote Access (ClinicalKey App)

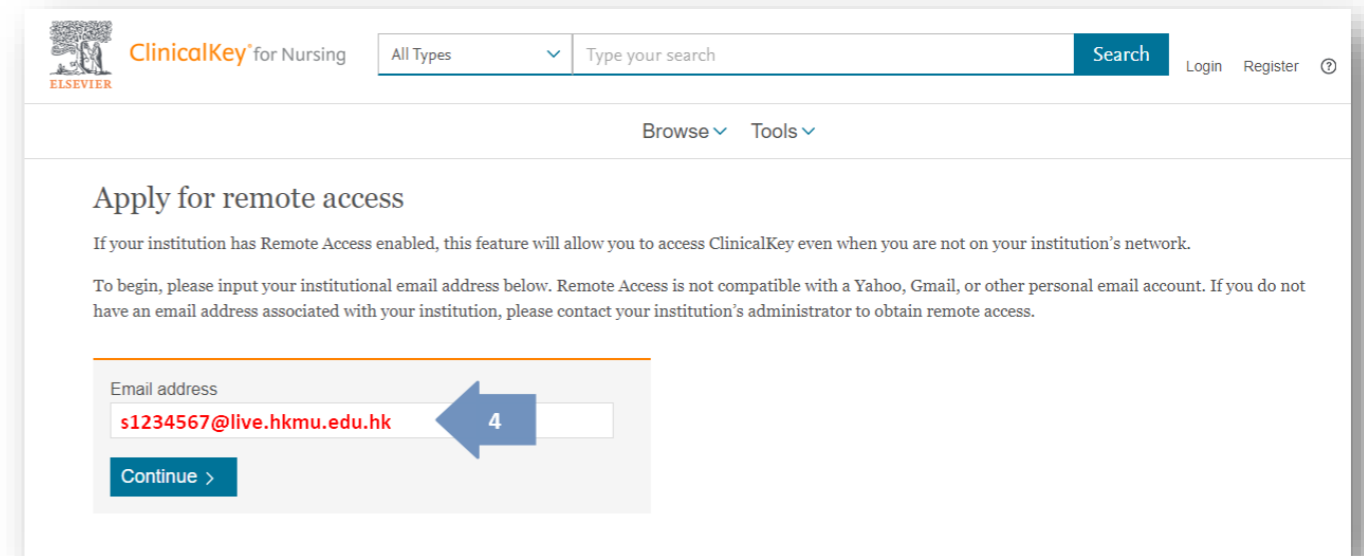

Remote Access allows you to access ClinicalKey for Nursing when you're not on HKMU's network, e.g. using ClinicalKey App in iOS/Android devices. The steps below outline how to activate remote access.

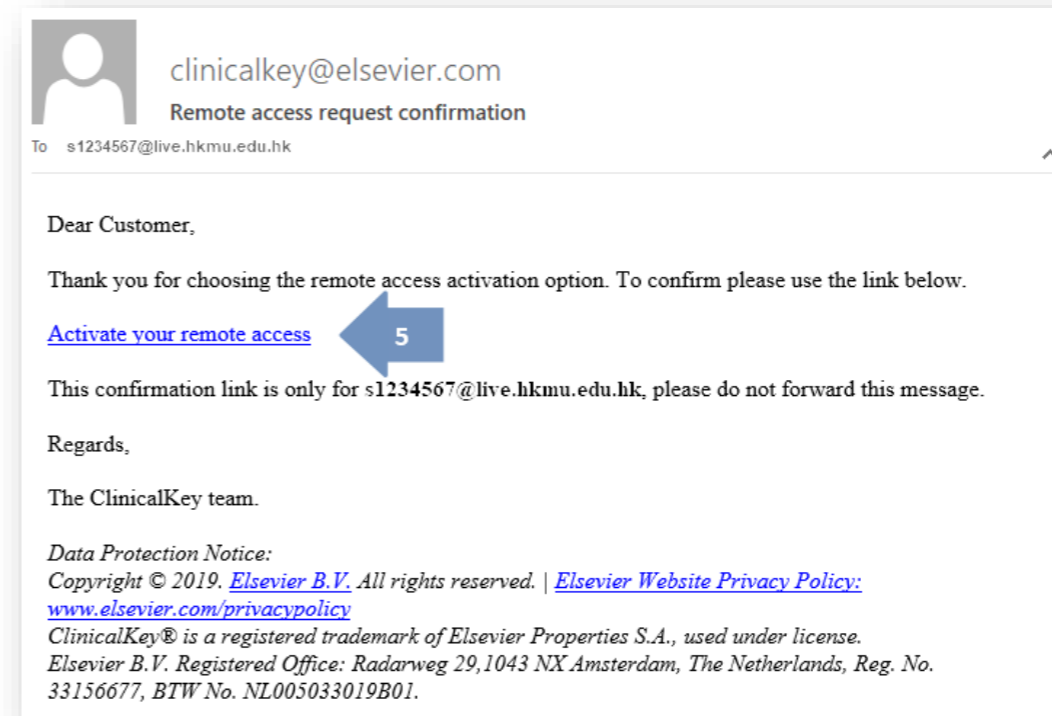

- Step 1:** Go to <https://www.clinicalkey.com/nursing/#!/login> using a PC on **HKMU campus**.
- Step 2:** Click "**Register now**" to register for an Elsevier account. *(Skip this step if you already have an Elsevier account.)*
- Step 3:** Click "**Apply now**" for remote access to ClinicalKey.

Step 4: Type in your **HKMU email account**.

Step 5: A confirmation email will be sent to you. Click on the **activation link** in the email.

Now, you are ready to **login ClinicalKey App** on your mobile device!

Notes:

- You must use your HKMU email to register for an Elsevier account and apply for remote access.
- Your registered remote access account will be valid for six months.
- The free ClinicalKey App is available at Apple App Store and Google Play Store.
