註解 Notes:

# The estimated composite tuition/programme fees listed above are for reference only. Tuition fees are charged according to the number of course credits taken by a student. A student will normally take 40 credits in an academic year. Non-local students will be charged at a higher rate.

The composite tuition/programme fees listed above have included laboratory/practicum/immersion course fee etc., if applicable.

There will be an annual adjustment of tuition fees which will be capped at the actual Composite Consumer Price Index (CCPI) to be announced by the Government. The estimated composite tuition/programme fees for the whole programme has not yet taken the CCPI for the second to fourth (or fifth) year, i.e. 2023/2024 to 2025/2026 (or 2026/2027) academic year, into account.

Additional fees will be involved for students who are required to take a bridging programme.

The Immersion Course fees do not include the incidental expenses, such as airfare and accommodation fees, of the study tour of the Course.

^ Students of these programmes may be required to take more than 40 credits of courses in the first year of studies.

\* Students who have not studied developmental psychology at sub-degree level are required to take an additional 5-credit psychology course. The required tuition fees is included in the above table.

+ This estimated composite tuition / programme fee is only applicable to places subsidised by other Government departments.

SSSDP This is a SSSDP programme. Non-means-tested subsidy is not applicable to this programme. The subsidy from Study Subsidy Scheme for Designated Professions / Sectors is tenable for the normal duration of the study programme concerned and is subject to the student's satisfactory fulfillment for progression in the study programme. Only local students are eligible for subsidy under SSSDP.
