

### Summer Innovator Programme 2022 – “Sharpen Your Edge, Technovate Your Career”

The world is everchanging, so as the technology is emerging. The impact from rapid technology advancement is literally everywhere, especially in workplace. It’s time to upgrade yourself with innovative and agile mindset. Building up technological knowledge & skills are no longer limited to IT students and IT professionals but indeed everyone. You need to be riding the wave instead of fighting the tides in this new technological era.

In this summer, let’s join HKBN to Sharpen Your Edge, Technovate Your Career! Here, we will be providing a sandbox environment and opportunities for young talents to get prepared to survive in the technology-driven workspace at a rapid pace. Also, we will deliver up-to-date knowledge on trending IT concepts at business angle so you can be well equipped with a more practical technological mindset.

#### **About HKBN Group:**

With a vision to 'Make our Home a Better Place to Live', HKBN is a leading integrated telecom and technology solutions provider that offers a comprehensive range of premier ICT (Information and Communication Technology) services to both the enterprise and residential markets. Our unique Talent-first approach to business drives our capabilities to innovate and stay competitive. Join our Elite Sports Team as a Summer Innovator this year and a disruptive journey is here waiting for you!

#### **We light up your HKBN Journey:**

- Taste how it likes working in the agile and fast-growing ICT environment
- Contribute on digitalization/ technology-related business driven projects with respective departments including Business Support, Finance, Information Technology, Information Security, Marketing Communications, Network Operations, Product Development, Talent Management
- Drive different initiatives with our market leading business partners and NGO partners in generating new ideas, creating values to bring positive impacts
- Engage with elite business leaders to harness their entrepreneurial thinking
- Experience HKBN unique Talent-First culture during the 8-week innovation journey
- Earn post-programme placement to further accumulate practical working experience and getting a fast pass for “Return Offer”

#### **Come join us if you are:**

- University students from Year 2 to final year
- Open to all disciplines
- Excited about new challenges and trending technologies
- Be open-minded in working on various business driven projects
- Strong passion to join ICT industry after graduation

Internship Period: From June to August (around 8 weeks)

Interview: Late March – April
