HKMU Best Buddies Programme - Arts with Intellectual Disability Scheme

[HKMU Best Buddies Programme - Arts with Intellectual Disability Scheme]

Friends can always help you to find your ways and become your strongest support. However making friends is not an easy task for most people with intellectual disabilities, and lack of communication skills is one of the obstacles they are facing in life. But have you ever thought that a colorful painting can also express your thoughts, even without the use of language?

SAO is now collaborating with Fu Hong Society to recruit students to become the best buddies of people with intellectual disabilities, and to build a long and deep friendship with them.

You and your buddies are encouraged to express yourselves and share your feelings through various expressive art activities. Being a best buddy not only helps the people with intellectual disabilities to build up their self-confidence and broaden their social circle, you can also motivate others and yourselves to make positive changes through expressive arts.

Every day, more than 3,200 tonnes of food waste are sent to landfills in Hong Kong, while millions of people go hungry.

As the holiday season is upon us, SAO and Feeding Hong Kong are going to organize the Spread The Love – Food Drive in HKMU from January to February in 2023, to collect food and anti-epidemic items, promote food wise on campus and in the community. We are now recruiting student volunteers to support the food drive and spread the love together.

Join us to keep underprivileged people warm and full in the coming year!

[White Cane Programme: Darts Trainings and Competition]

Have you ever imagined that visually impaired people can also play darts? Have you ever wondered how visually impaired people aim the target if they couldn't see the board? Here is a great opportunity for you to find out the answer! Hong Kong Blind Sports Federation and SAO are going to organize a darts competition on 25 March 2023 (Sat) at HKMU. Therefore we would like to recruit some student volunteers to become the buddy of visually impaired athletes to join the darts competition!

All full-time undergraduate students who are passionate to serve the visually impaired community is welcome to join. Cantonese proficiency is required for this activity.

["Westventure" Reality Puzzle Game]

In order to provide students with a deeper understanding on community culture and poverty issues, SAO has organized "Westventure" Reality Puzzle Game in November, allowing the students to learn about the reality of poverty through a fun outdoor puzzle game! During the game, students became the protagonists of the story.

They solved a series of puzzle through careful observation and team cooperation. In addition to the fun experience, students also witnessed the real poverty situation in community, and experienced the culture of Central and Western District, which bringing them a profound and unique learning experience.
